ACADEMY PHILOSOPHY

The purpose of the LARRY PENLEY TIGER Golf Academy is to provide each student with the very best instruction attention and develop it into a rewarding and fun experience.

Fundamentals will be a must as each instructor is dedicated toward securing the future golfing goals of each student. We will also focus on “academic enhancement” skills which will include time management, study habits, and exactly what it takes for a “collegiate golfer”- academically.

The students will get a firsthand experience from Clemson golf team members on exactly what it takes to make it on a top 10 golf team. Clemson University is very much involved in our academy’s philosophy. Our support people encourage each student and insure a rewarding experience from Clemson University. Each student will be encouraged to take notes (notebooks will be provided) on every aspect of the academy.

Academy members will be using the practice facilities of the Clemson Golf Team. Counselors will be current members of the Clemson Golf Team.
